

PPLD Young Adult Services Tutorial: Upcycled T-shirt Bags

Description:

Repurpose an old t-shirt into a cute tote bag that you can use for grocery shopping, carrying books or art supplies around or any other bag related needs!

Supplies:

1. Scissors
2. T-shirt
3. Optional: Ruler

Instructions:

1. Cut the sleeves and collar off the t-shirt. This is represented by the red lines on the t-shirt pictured here.
2. Cut strips out of the bottom of the t-shirt. Hold the shirt together so you are cutting the back and front of the shirt at the same time. This way, they will have an equal number of strips. Strips should be 1-3" long and .5-1" wide.
3. Tie the strips from the front of the t-shirts to the strips from the back of the t-shirt using an overhand knot.
